

Join us for a culinary adventure with Argo, inspired by the famous ship which took the Argonauts, the strongest and bravest band of heroes ever assembled in mythology, on voyages around the ancient Greek world.

Epic tales sung of the Argonauts and all their wild adventures. Argo, which has been said to be the first to sail the seas, was built with the help of the Goddess Athena, associated with wisdom, handicraft and heroic endeavour.

Argo is our newest theme night where we explore all the delicious cuisines from the Aegean region, including Greece, Turkey and the Middle East. Discover the culturally-rich and abundant dishes from this beautiful part of the world.
